ACCOMMODATION AT BEIT CURE INTERNATIONAL HOSPITAL, MALAWI

Our accommodation is primarily for our CURE volunteers and they will be given priority, but where we have space we will also consider applications from other visitors. Due to high demand and limited space, most of our rooms are shared. If you would prefer a private and/or en suite room you may request one and we will do our best to accommodate you but we cannot guarantee it unless you are willing to pay an extra premium. Please also note that because we are a Christian hospital operating in a conservative culture, we cannot accommodate couples who are not married.

2016 PRICES:

Daily rate for stays up to 1 month: \$25 per person per night sharing

Stays of 1-3 months: \$20 per person per night sharing

Stays of 3 months +: \$500 per person per month sharing

(for married couples or to guarantee a private room, the cost is one and a half times the above)
